2025 Fees and Charges Bylaw

RECOMMENDATION:

That Committee of Council support the proposed updates to the Fees and Charges Bylaw (2023) and that a new bylaw be prepared for 2025 and sent to Council for first three readings.

PREVIOUS COUNCIL/COMMITTEE ACTION

“Fees and Charges Bylaw, 2023, No. 4345” was adopted by Council on December 5, 2023.

REPORT SUMMARY

This report brings forward for Committee of Council's consideration proposed changes to certain fees and charges set out in the City's Fees and Charges Bylaw, to take effect January 1, 2025.

BACKGROUND

The City's current Fees and Charges Bylaw (No. 4345, 2023) was adopted by Council in December 2023. Prior to that, changes to the bylaw (new or revised fees) were presented to Council several times throughout each year. In order to ensure that any new fees or fee revisions are in place for January 1st (unless otherwise noted), a more formalized process has since been implemented that will bring forward a new fees and charges bylaw in the fall/winter each year, with the fees and charges taking effect on January 1st of the upcoming year.

This will also ensure that any updated or new Recreation fees (contained within Schedule “C” to the Bylaw) are included in the marketing and promotion of recreation amenities, programs and honour/align current overlapping year permits. Exceptions to this will only be considered where a new fee is required to recover costs associated with the delivery of a new service or program that was not anticipated during the annual review, or an amendment required as a result of legislative or regulatory changes.

DISCUSSION

The annual review of fees and charges has been completed with a recommended effective date of January 1, 2025. The proposed changes are indicated through tracked changes in Attachment 1 and are summarized below:

Schedule A – General and Administration

Additional service provision – scanned drawings are now also available on a USB key (flash drive).

Schedule B – Engineering and Public Works

Introduction of a Water Connection (50mm) Fee

With the introduction of new provincial housing-related legislation and its application to various City of Port Coquitlam Bylaws, the City is likely to be required to support developer and homeowner

2025 Fees and Charges Bylaw

requests for 50mm (2") water services. This is primarily driven by the anticipated receipt of requests for developments that consists of 4, 6 or more individual dwelling units.

Hydrant Use, Water Meter Testing, Shut-off and Turn-On Services and Water Meter Reads

The increased fees are solely to reflect the increase in costs to perform the work.

Water, Sanitary, Storm Connections, Re-use, Disconnections (Cap-offs)

To reflect the increase of costs (including materials and services cost increase of 2.5%).

Schedule C – Recreation

The Parks and Recreation Admission and Rental Fees and Charges Policy provides direction as to how fees are calculated and subsidies are applied for services and rentals offered. Staff follow this Policy to establish and adjust fees based on the following criteria:

- The local market including pricing, supply and demand;
- Fees are fair and equitable;
- Pricing alignment with similar internal services and amenities; and
- Inflationary increases and other changes to facility operating costs.

Program registration fees are not addressed in this report as these are established, as per the approved Fees and Charges Policy, on the basis of cost recovery, and applicable subsidy levels. Rates outlined in the Schedule "C" Bylaw do not include GST.

Admission and Rental Fee Increase

As part of the Fees and Charges Policy, rates are reviewed regularly in comparison to neighbouring communities and the BC Consumer Price Index (CPI). The CPI has noted, on average to date, an inflationary increase to costs of 2.4% over the last 12-month period. It is recognized the Regional CPI is continuing on a downward trend.

To achieve a balance between user fees and tax support, staff is proposing a 2% increase to the admission and rental rate fees, this is 1% lower than the 3% increase approved in 2024. The proposed fee increase reflects market trends, ensures that rates align with current operating costs and the cost recovery model, and would generate approximately \$60,000 in additional revenues.

As identified in the market analysis (Attachments 2 and 3), the various rental and admission fee increases situates Port Coquitlam at a comparable position to most other communities, still falling below the average of surrounding municipalities. During the analysis it is noted other surrounding regions are reviewing fees and charges against the inflationary increases. More specifically, the proposed increase would see a \$0.13 increase to an adult single admission, \$0.06 increase to a children's admission, and a \$2.27 increase to the local non-profit youth (minor hockey customer type) ice rental/hour.

2025 Fees and Charges Bylaw

Effective Dates

To honour current rental agreements with user groups and to align with sport seasons the effective dates for Schedule C Fees and Charges increase will be as follows:

- Room Rental and Admissions Rates January 1, 2025
- NEW Arenas (Ice and Dry Floor) and Outdoor Field Rentals January 1, 2025
- Existing Arenas (Ice and Dry Floor) and Outdoor Field Rentals March 1, 2025

Housekeeping

The following housekeeping changes have been made in the proposed 2025 Schedule “C” Fees and Charges:

1. Updated format to room rental layout to easier identify facilities included.
2. Updated General Notes definitions for further clarity.
3. Added Outdoor Events Space section to include Leigh Square Pavilion and Port Coquitlam Community Centre Plaza.
4. No increase to skate rentals, helmet rentals and skate sharpening.

Schedule E – Building Services

Sanitary, storm or water piping within a building where no fixtures are involved has a slight inflationary increase from \$2.65/m to \$3.00/m.

Schedule H – Port Coquitlam Cemetery

2025 cemetery fees have been increased by 5% to reflect increased operating costs with some fees (under sections “B” and “C”) having been adjusted to reflect full recovery of costs. A new fee for Columbarium Niche interment has been also included, which is consistent with other cemeteries in the lower mainland. Additionally, please note that on January 1, 2024, cemetery fees were increased by inflation in accordance with the Cemetery Bylaw.

Schedule K – Subdivision and Engineering Development

Subdivision applications, including for phased strata, have been artificially low. Staff conducted a municipal scan of other jurisdictions and are recommending that the subdivision application fees be increased to be more in line with other communities while still being one of the lowest in the area.

Schedule M – Animal Control Services

An additional fee column has been added for third and subsequent impoundments of animals, as well as a slight increase for daily boarding fees for dangerous dogs (\$30 per day to \$40 per day).

Schedule O – Board of Variance

Revised application fees related to the Board of Variance were approved by Committee of Council on May 16, 2024.

2025 Fees and Charges Bylaw

Schedule P – Sign Bylaw

The City’s Sign Bylaw indicates that a fee of \$100, plus the costs of removal, shall be payable if a Bylaw Enforcement Officer is required to remove a sign(s) after notification that the sign must be removed. The \$100 fee should also be reflected in the Fees and Charges Bylaw.

Next Steps

Should Committee of Council support the proposed changes to the fees and charges presented in this report, or provide any suggested amendments, staff will bring forward the draft 2025 Fees and Charges Bylaw reflecting these changes to the October 8, 2024, Council Meeting for first three readings. The Bylaw will then be presented for final adoption at the October 22, 2024, Council meeting in order to have the 2025 fees and charges in place for January 1, 2025.

FINANCIAL IMPLICATIONS

Increases to the Fees and Charges Bylaw have been recommended as a cost-recovery measure for staff and equipment related to City business.

REPORT SUMMARY

This report recommends the approval of three permissive tax exemption applications received from Hyde Creek Watershed Society, Kinsmen Club of Port Coquitlam, and Port Coquitlam Heritage and Cultural Society. In accordance with the Permissive Tax Exemption Policy, each applicant would be exempt for a period of 5 years, 2025 – 2029.

Finance Department staff have completed a review to ensure that organizations previously approved for a permissive property tax exemption continue to qualify for an exemption. No changes are recommended for these organizations.

BACKGROUND

Statutory Tax Exemptions

Statutory tax exemptions are automatically applied under federal and provincial legislation. Section 220 of the *Community Charter* provides statutory tax exemptions for properties such as schools, public hospitals, libraries, municipal properties, places of public worship, cemeteries, emergency facilities and sewage treatment plants. Statutory tax exemptions require no action from City Council. These exemptions provide an exemption from all property taxes, including municipal taxes and all other taxing authorities such as school tax, Metro Vancouver, TransLink, BC Assessment, and Municipal Finance Authority.

Permissive Tax Exemptions

Section 224 of the *Community Charter* grants Council the discretion to provide property tax exemptions for property that is owned or held by a charitable, philanthropic, or other not for profit corporation and is used for a purpose directly related to the purposes of the corporation. The legislation also includes exemptions for other properties such as churches, care facilities, and private schools that are not fully exempt under section 220 of the *Community Charter*.

Permissive tax exemptions provide an exemption from all property taxes, including municipal taxes and all other taxing authorities such as school tax, Metro Vancouver, TransLink, BC Assessment, and Municipal Finance Authority.

2025 Permissive Tax Exemptions

DISCUSSION

2025 Applications

The Finance Department staff reviewed the 2025 Permissive Tax Exemption Applications received on or before Jul 31, 2024 to confirm that the organizations qualify for a permissive tax exemption as outlined in the City of Port Coquitlam's Permissive Tax Exemption Policy. Three applicants met the eligibility requirements of the policy.

Staff are recommending that Hyde Creek Watershed Society, Kinsmen Club of Port Coquitlam, and Port Coquitlam Heritage and Cultural Society receive a full permissive tax exemption for the 5-year period.

Hyde Creek Watershed Society

This application is for the property located at 3636 Coast Meridian Road. The purpose of the society is to preserve and enhance fish and wildlife in the Hyde Creek Watershed. The society operates a small-scale salmon hatchery and is active in the community promoting an understanding of the watershed and offering educational programs to various groups. The City has supported this society for many years. Based on the 2024 property assessment, the municipal taxes for this property would have been approximately \$9,982.

Kinsmen Club of Port Coquitlam

This application is for the property located 2175 Coquitlam Avenue, which is owned by the City and leased to the Kinsmen Club of Port Coquitlam. The purpose of the organization is to serve the community's greatest needs, which include providing school bursaries and donations to several organizations, including PoCo Fourth Scouts, Share Society (cystic fibrosis) from their fund-raising activities. The City has supported this organization for many years. Based on the 2024 property assessment, the municipal taxes for this property would have been approximately \$14,277.

Port Coquitlam Heritage & Cultural Society

This application is for the property located at 150 – 2248 McAllister Ave, which is owned by the City and leased to Port Coquitlam Heritage & Cultural Society. The society operates the museum and archives and provides educational programs and events. The City has supported this society for many years. Based on the 2024 property assessment, the municipal taxes for this property would have been approximately \$7,617.

Annual Review of Permissive Property Tax Exemptions

Finance Department staff have verified the eligibility of properties receiving exemptions for the 2025 taxation year.

The Finance Department sends a letter each year to all recipients to request the required documents for annual review by July 31 to confirm that all properties receiving permissive tax exemptions

2025 Permissive Tax Exemptions

continue to qualify for the upcoming tax year. Permissive tax exemptions for 2025 are listed in Attachment #1.

FINANCIAL IMPLICATIONS

If Council chooses to approve the granting of property exemptions to these Port Coquitlam organizations that have applied for 2025 permissive tax exemptions, the result will be an estimated shift of the 2025 annual taxes of approximately \$31,876, which is within the 1% policy cap, to the remaining taxable properties in the city,
