REPORT SUMMARY

This report proposes fee increases and modifications to the pricing structure for recreation facility admissions and rentals. Further, this report proposes that any adjustments to fees be effective January 1, 2020 to allow adequate time to notify impacted user groups. In preparation for opening of the Port Coquitlam Community Centre's fitness areas, this report proposes that the all-inclusive "One City" pass be introduced along with an expanded youth/young adult admission and pass fee age range, effective November 1, 2019.

BACKGROUND

Fees and charges are reviewed annually. The last Fees and Charges Bylaw - "Schedule C" (Parks and Recreation) was approved by City Council on May 22, 2018. In preparation for opening new amenities at the Port Coquitlam Community Centre, this report proposes adjustments for admission rates, memberships, and facility booking fees. The identified primary motivators for the proposed changes include:

- Improving customer service through a simplified fee structure and more efficient administration processes,
- Reducing fees for young adults to increase participation and reduce barriers,
- Aligning price increases with market and inflationary costs, and
- Introducing an all-inclusive pass for drop in activities at both the Hyde Creek Recreation Centre and the Port Coquitlam Community Centre (i.e. public swim, public skate, weight room, and fitness classes).

Fees and Charges Bylaw Amendment

DISCUSSION

The proposed changes and bylaw amendments are summarized as follows:

Proposed One City Pass – Effective November 1, 2019:

Staff recommends that the One City pass be implemented November 1, 2019. Promotion of the “One City” pass will help build excitement for the opening of the Fitness Areas of the new Community. The One City pass will provide access to all of the City’s recreation centres and outdoor pools; similar to the pass system in neighboring municipalities such as Coquitlam’s One Pass. An optional auto-renewable monthly option is recommended along with an annual pass.

Proposed Youth/Young Adult admission rates – effective November 1, 2019:

Staff recommends a redefined admission age classification for Youth/Young Adults 13-24 years old. Participation trends show an approximate 50% decline in participation by young adults. Not only will this price adjustment enhance affordability for young adults, there is also potential for increased revenue if participation by 18-24 year olds increases, even with the lower fee.

Taxes excluded in all listed pricing:

The proposed Fees and Charges Bylaw shows all pricing without taxes (see Attachment #1).

Proposed 2% fee increase:

The Fees and Charges Bylaw was last amended on May 22, 2018. In acknowledgement of the impacts of facility construction, fees for the Port Coquitlam Recreation Complex were excluded from the rate increase in 2018, and have not been adjusted since 2015.

A 2% increase is proposed to be effective January 1, 2020. No increase was applied to the rental rates for ice arenas for 2020 in acknowledgement of the over prescribed prime ice times with two arenas operating. As shown on the market rate comparison tables (Attachments #2 & #3), a 2% increase to the base rate situates Port Coquitlam in the mid to low range of most fee categories. In addition Port Coquitlam’s rates may be lower in comparison assuming that several municipalities will adjust fees prior to the proposed implementation date of January 1, 2020.

Youth focused base-rate fee structure for arenas and fields:

This report proposes that pricing be realigned using the adult base price model and the fees for each other customer type be adjusted accordingly (Youth/Schools pay 50% of the base rate, Local Private groups pay 125% of the base rate, and Commercial/Non-Resident/Political pay 150% of the base rate). The fee structure model was applied using the youth rate as the constant for ice arena and field rentals rather than the adult rate, to avoid increasing rates for youth groups while applying the model consistently through all categories of fees and charges. The table shows the impact of the changes for youth and other user categories for Ice Arenas and A Level Grass Fields in the table below (see Attachment #1 – Fees & Charges Bylaw):

Fees and Charges Bylaw Amendment

Arenas – Ice (no fee increase January 1, 2020)			
Organizations	2019 Rate	2020 Rate	Model
Local Non-Profit - Youth/Schools	\$110.00/hour	\$110.00/hour	50%
Local Non-Profit – Adult	\$237.00/hour	\$220.00/hour	Base Rate
Local Private	\$290.00/hour	\$275.00/hour	125%
Commercial/Non-Resident/Political	\$314.00/hour	\$330.00/hour	150%
Fields - A-Level Grass (with proposed 2% fee increase applied to the local non-profit youth rate, effective January 1, 2020)			
Organizations	2019 Rate	2020 Rate	Model
Local Non-Profit - Youth/Schools	\$8.40/hour	\$8.55/hour	50%
Local Non-Profit – Adult	\$19.90/hour	\$17.15/hour	Base Rate
Local Private	\$21.20/hour	\$21.45/hour	125%
Commercial/Non-Resident/Political	\$25.30/hour	\$25.70/hour	150%

In summary, the fee adjustments and revised pricing structure for recreation admissions and facility rentals proposed in this report will enhance affordability for youth user groups and young adults. Furthermore, the report recommends no fee increase for ice arena users for 2020 in acknowledgement of the over prescribed prime ice times with two arenas operating. The recommended 2% increase to Port Coquitlam's fees reflects current market trends, situating Port Coquitlam in the mid to lower range of most fee categories.

Introducing the One City pass on November 1, 2019 will align with promotions for opening the new Port Coquitlam Community Centre's fitness and aquatic areas. Approval of the Fees and Charges Bylaw amendment prior to the end of October is recommended in order to provide ample opportunity for additional marketing and promotion of the new amenities in the Community Centre and to advise user groups of increases effective January 1, 2020.

FINANCIAL IMPLICATIONS

Based on 2018 year end revenue and a similar volume of admissions, pass sales, and facility rentals, the combined impact of the proposed fee adjustments is an estimated increase in revenue of \$40,000 annually.

ADMISSIONS PRICING

ONE CITY PASS: includes access to drop-in programs, indoor and outdoor swimming pools, fitness areas, and arenas. Registered programs are excluded.

VISIT PASS: 10 and 20 visit passes are redeemed as one admission per scan (e.g. if a customer scans a pass at Hyde Creek Recreation Centre to swim and then visits the Port Coquitlam Community Centre to skate, the member would redeem two visits).

- 10-visit pass is based on the cost of 9 single admissions (10% discount).
- 20-visit pass is based on the cost of 16 single admissions (20% discount).

MONTHLY PASS: monthly commitment, optional auto-renewal until deactivation is requested.

- Based on the cost of 9 single admissions (10% discount).

ANNUAL PASS: commitment of one year.

- Price is calculated at 9x the monthly rate (25% discount).

FAMILY: Price is calculated at the rate of one adult and two children, with the exception of the Family Outdoor Summer Pool Pass, which is calculated as one adult and one child.

Rezoning Application – 985 Nicola Avenue (Additional Information)

RECOMMENDATIONS:

That Committee of Council direct staff to schedule a new Public Hearing for Zoning Amendment Bylaw 4141.

PREVIOUS COUNCIL/COMMITTEE ACTION

On July 23rd, 2019, following a Public Hearing held to consider Zoning Amendment Bylaw No. 4141 for 985 Nicola Avenue, Council referred the application back to staff to provide additional information on the size of the proposed retail outlet.

On June 25th, 2019, Committee of Council had passed the following motion:

That Committee of Council recommend to Council that:

- 1. The Zoning Bylaw be amended to allow for a cannabis retail sales use at 985 Nicola Avenue; and,*
- 2. Prior to adoption of the amending bylaw, the following community benefits be secured to the satisfaction of the Director of Development Services:*
 - a. Dedication of road allowance along the property's Nicola Avenue frontage; and*
 - b. Posting of signs within the interior and exterior buildings informing the public of the Smoking Bylaw.*

REPORT SUMMARY

At the Council meeting held July 23rd, 2019, Council considered the application to rezone 985 Nicola Avenue to permit a cannabis retail sales use and referred the application back to staff to address its concern with the size of the proposed outlet. The applicant has provided an interior layout to indicate how the space would be used for the sales operation. In addition, the report further explains why retail spaces in the Dominion Triangle are typically larger than other areas.

BACKGROUND

At the Public Hearing held in consideration of the proposal from the Liquor Distribution Branch to offer cannabis retail sales within an existing commercial complex at 985 Nicola Avenue, a concern was raised about the large size of the proposed outlet.

DISCUSSION

The total size of the commercial unit to be leased by the applicant is approximately 6,000 sq.ft. However, the retail floor area at the front of this unit is only 2,664 sq. ft., as shown by the floor plan. This space is designed to be large enough to accommodate the retail sales as well as future expansion for the sale of products such as edibles, beverages and topicals once permitted. The applicant advises that the back portion of the unit is intended to be used as a training centre to provide education to BC Cannabis Store employees across the province and office space for regional managers.

Rezoning Application – 985 Nicola Avenue (Additional Information)

Preliminary floor plan for the proposed cannabis retail outlet at 985 Nicola Avenue

For further information, the proposed size of this retail area compares to the size of the three sites approved by Council last month as follows:

- 2755 Lougheed Highway (Burb Cannabis) – retail area is approximately 500 sq. ft.
- 1502 Broadway Street (Burb Cannabis) – retail area is approximately 2000 sq. ft.
- 1971 Lougheed Highway (BC Cannabis Store) – retail area is approximately 1750 sq. ft.

The larger size of retail units within the PoCo Power Centre at 985 Nicola Avenue is in accordance with policies of the Official Community Plan which promote large commercial spaces with an automobile orientation to be located in the Dominion Triangle area. This policy and the site's Highway Commercial land use designation in the Plan reflect the City's intent that smaller community commercial uses would be concentrated in the Downtown and Northside Centre and that larger, automobile-oriented premises would be located within the Dominion Triangle. To implement the policy, the site's zoning is District Commercial, a zone which is specifically intended "to accommodate and regulate auto-oriented commercial uses and a range of commercial uses located in large premises".

In summary, the additional information provided by the applicant indicates that the size for the retail space would not utilize the full size of the unit or result in a "big box cannabis store". Proceeding with further consideration of the Bylaw 4141 as given first two readings is recommended.

FINANCIAL IMPLICATIONS

None.

RECOMMENDATIONS:

That Committee of Council recommend to Council that:

1. The Zoning Bylaw be amended to allow for a cannabis retail sales use at 985 Nicola Avenue; and,
2. Prior to adoption of the amending bylaw, the following community benefits be secured to the satisfaction of the Director of Development Services:

PREVIOUS COUNCIL/COMMITTEE ACTION

April 16, 2019: Committee of Council resolved to give further consideration to a rezoning application for a cannabis retail sales use at 970 Dominion Avenue.

REPORT SUMMARY

The Liquor Distribution Branch is proposing to locate a cannabis retail sales use within an existing commercial development at 985 Nicola Avenue (former address 970 Dominion Avenue). This report describes how the proposal complies with the City's *Cannabis Establishment Policy* and recommends the bylaw amendment, subject to securing the proposed community benefit as a condition of approval.

BACKGROUND

In 2018, the City conducted a comprehensive review process that included consultation with cannabis industry representatives, local businesses and the broader community to determine the appropriate regulations and policies to be applied to land use decisions related to the production and retail sale of cannabis in Port Coquitlam. Following the completion of this review, Council adopted an approach that would allow for its consideration of cannabis retail outlets on a site-specific basis and approved the *Cannabis Establishment Policy* to guide this future consideration through the rezoning process. Anticipating multiple applications, Council further directed that it would provide a 30-day window during which applications would be received in order to provide for their concurrent evaluation. The site at 985 Nicola is one of four sites selected to be given further consideration at this time.

The Liquor Distribution Branch is proposing to offer cannabis retail sales in a large unit within an existing commercial complex, the PoCo Power Centre at 985 Nicola (formerly 970 Dominion Avenue). The unit is located on the north portion of the building, shown in the image below. The Liquor Distribution Branch has confirmed that, as a Provincial agency, a cannabis retail sales licence from the Liquor and Cannabis Licensing Branch would not be required.

Evaluation of 985 Nicola Avenue Rezoning Application RZ000190

Cannabis Establishment Policy - Siting Criteria

i. Designated as Downtown Commercial, Neighbourhood Commercial, Highway Commercial or Transit Corridor Commercial the Official Community Plan;	Complies with Highway Commercial land use designation
ii. Located at least 1 kilometre from a property zoned to permit a cannabis retail sales use;	No sites are zoned and no proposals are under consideration for this use within 1km
iii. Located at least 250 metres from a school, playground, community centre or sports field.	Complies

Cannabis Establishment Policy - Evaluation Factors

i. Distance to other uses, such as child care facilities, community gathering spaces, recovery	None within the vicinity

homes and emergency shelters;	
ii. Potential impacts to residents, if in a building with a mix of commercial and residential uses;	Not applicable
iii. Access for vehicles, including potential traffic impacts and parking availability;	Access through 1069 Nicola Avenue (Home Depot)
iv. Access for pedestrians and cyclists, including proximity to public transit;	Accessible via bicycle and bus route along Dominion Avenue
v. The proposed size of the outlet is appropriate to the site's context;	Proposal is appropriate at 618 m ²
vi. The proposed interior layout does not include space that could accommodate product sampling;	No space identified
vii. The proposed exterior design is sensitive to the design and character of surrounding land uses, discreet location and design of signage, overall design character is visually appealing; and	Signage and exterior character is sensitive to the overall design of the site
viii. Storefronts do not include opaque window coverings, bars on windows, metal shutters or signage in windows.	In accordance with Provincial regulations, the storefront uses a light grey, opaque window cover, with a layered white window graphic depicting trees
Additional Information relevant to the proposed Cannabis Retail Sales Use	
i. Site Zoning	District Commercial (DC)
ii. Proposed hours of operation	10am-10pm
iii. Potential for odour	Filtration system and vacuum sealed air-tight products
iv. Security considerations	Security plan provided to satisfy provincial and federal legislative requirements
v. Staffing	Estimate 13 employees, with an additional 4-6 auxiliary staff (all union members)
vi. Public Consultation with surrounding residents and businesses	The applicant has provided documentation of consultation with the commercial tenants

The applicant notes that, as a government store, revenues would be directed back to the Province to support public services. Liquor Distribution Branch employees, who would be union members, also undertake fundraising and education campaigns. In keeping with the *Cannabis Establishment Policy*, the applicant would be required to post signs within the interior and exterior of the building providing information to the public on the City's Smoking Bylaw.

Nicola Avenue, to the south of the property, is being developed as a collector route linking the Fremont Connector with Ottawa Street but the road has not been constructed to meet City standards where adjacent to the subject property. It is recommended that, as an additional public benefit, the property owner be required to dedicate approximately 5 metres along the Nicola frontage to allow the City to complete construction of the road and improve traffic flow through the area.

Rezoning Application RZ000190 – 985 Nicola Avenue

DISCUSSION

The rezoning application meets the criteria set by the *Cannabis Establishment Policy* and would provide community benefit through completion of Nicola Avenue, as well as public employment, education and revenues. Approval is recommended.

FINANCIAL IMPLICATIONS

None.

PUBLIC CONSULTATION

A rezoning sign is posted on the property. To date, staff have not received any comments pertaining to a cannabis retail sales use at this location.

OPTIONS

	Description
1 	Recommend to Council that the Zoning Bylaw be amended to allow for cannabis retail sales at 985 Nicola Ave (formerly 970 Dominion Ave) subject to a commitment to secure the proposed community benefits.
2	Request additional information or amendments to the application to address specified issues prior to making a decision on the application.
3	Recommend to Council that the rezoning application be refused.

Rezoning Application – 2156 Salisbury Avenue

RECOMMENDATION:

That Committee of Council recommend to Council that:

1. The zoning of 2156 Salisbury Avenue be amended from RS1 (Residential Single Dwelling 1) to RTh3 (Residential Townhouse 3); and that,
2. Prior to adoption of the amending bylaw, the following conditions be met to the satisfaction of the Director of Development Services:
 - a. Completion of design and submission of fees and securities for off-site works and services, including reconstruction of the lane to connect with the north/south lane to the west;

 - c. Registration of a legal agreement to require the project to achieve a minimum Built Green® Gold construction standard.

REPORT SUMMARY

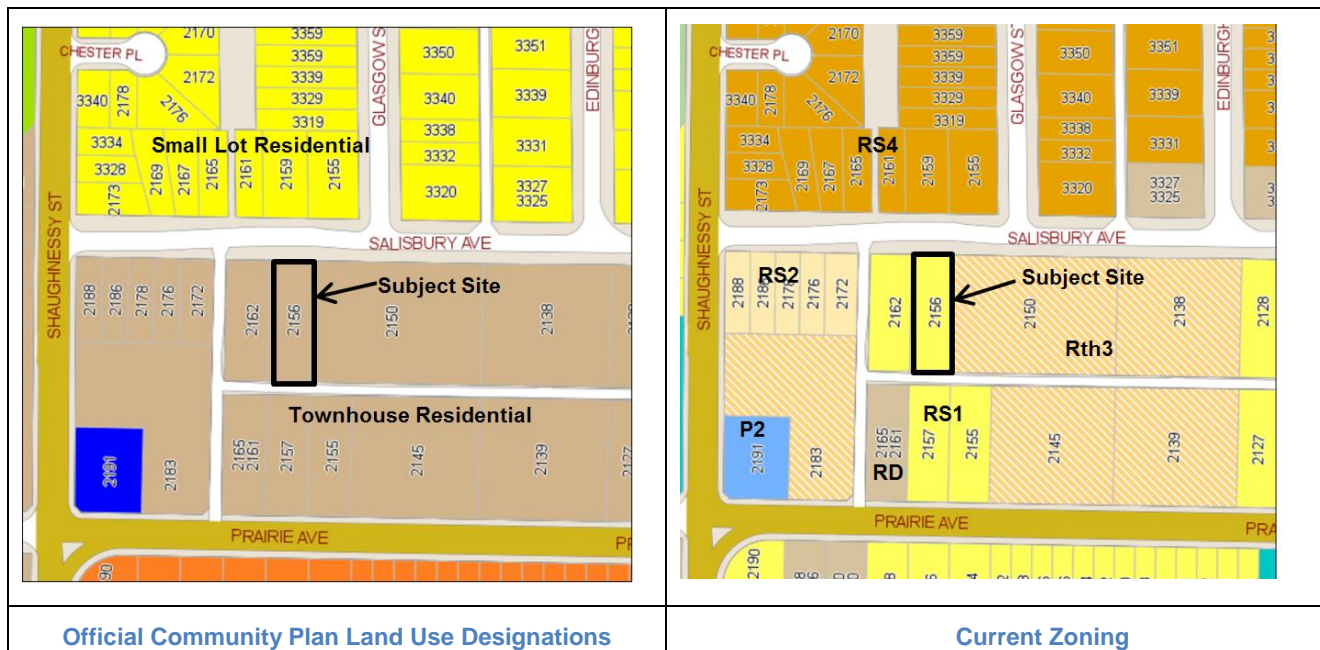

This report describes an application to provide for a 5-unit infill townhouse development at 2156 Salisbury Avenue. The proposed change in use is in keeping with the townhouse designation and development policies of the Official Community Plan and the development is designed to comply with the regulations of the Residential Townhouse RTh3 zone. The proposed unit layout would be similar to other townhouse developments currently under construction within the area, with three units fronting the street, two units oriented to the lane and an internal driveway. The project is designed to facilitate future development of the single lot to the west and the report recommends the rezoning be approved.

BACKGROUND

The site is located in an area transitioning to townhouses, as indicated in the image submitted by the applicant:

Rezoning Application – 2156 Salisbury Avenue

The site is located within an area designated Townhouse Residential in the Official Community Plan. Housing policies within this designation encourage housing variety in attached residential buildings to accommodate the needs of Port Coquitlam's population and demand for multi-family housing. The current zoning is RS1 – Residential Single Dwelling 1; the proposed zoning is RTh3 – Residential Townhouse 3.

If rezoned, the design of the development would also be regulated by a development permit to ensure compliance with the objectives and guidelines of the Intensive Residential and Environmental Conservation development permit area designations of the Official Community Plan as well as specific design guidelines set for the Aggie Park area. These guidelines promote coordinated siting and building design; use of high quality cladding materials; consideration of the relationship between buildings and open areas; and, the overall visual impact of buildings and landscaping. The environmental conservation objectives and guidelines encourage sustainable development and building design; efficient use of energy, water and other resources; and, reduction of waste and pollution. Issuance of the development permit would be considered by Committee of Council after the Zoning Bylaw amendment is adopted.

The 1,147m² (0.28 acre) site is located in a mid-block location on the south side of Salisbury Avenue, between Shaughnessy and Flint Streets. The development site is composed of one, 66' wide lot that is currently occupied by an older house (a demolition permit is pending). The neighbourhood is transitioning from older single family residential buildings to townhouse developments, including the 22-unit townhouse development under construction immediately to the east of the subject site.

The applicant advises that the owners and their realtor made numerous attempts to purchase the adjacent property to the west to facilitate a comprehensive development but were unsuccessful.

Rezoning Application – 2156 Salisbury Avenue

Street Front (Salisbury) Perspective

Rear Lane Perspective

The proposed townhouses are being designed to include two 3-bedroom units and three 4-bedroom units, each with an attached private outdoor area and parking within an individual garage. The required visitor parking space is located next to the lane. The units are relatively large, ranging in size from 180m² (1,937 ft²) to 246m² (2,648 ft²). As shown in the sketch below, vehicle access would be from the lane with an on-site driveway connecting with each of the garages. As a recommended condition of rezoning approval, this driveway is to be required to provide access to the lot to the west to facilitate its future development.

The applicant has also committed to construct the townhouses to a high environmental standard of Built Green Gold. It is recommended this commitment be ensured by requiring a registered legal agreement as a condition of rezoning approval.

The project is being designed to fully conform to the regulations of the proposed RTh3 zone, as indicated in the following project profile.

This development will be required to provide for off-site improvements in accordance with the standards of the Subdivision Servicing Bylaw, including reconstructing Salisbury Avenue along the site's frontage with a sidewalk, curb and gutter, street lighting, and street trees; upgrades to the watermain and storm sewer; and, reconstruction of the lane along the site's rear property line. In addition to these requirements, it is recommended that the applicant be required to pave the lane to connect with the north/south lane intersection to the west as a condition of rezoning approval to avoid a short section of unimproved lane remaining until the adjoining property redevelops.

DISCUSSION

The rezoning application adheres to the land use and environmental policies of the Official Community Plan and the design of the project and its landscaping is expected to result in an attractive addition to the area as it transitions to townhouses. As the project also facilitates the future development of the adjoining property for a townhouse use, approval is recommended.

FINANCIAL IMPLICATIONS

None.

PUBLIC CONSULTATION

The applicant informed area property owners and residents of the application in mid-May and advises that, for the most part, respondents indicated their satisfaction with the neighbourhood's emerging townhouse character, but some expressed concern about the potential loss of views, lane traffic and vermin. A development notice sign is posted fronting Salisbury Avenue
