BYLAW NO. 4320

NOTE TO READER: For Development Cost Charges relating to Parkland Acquisition and Development, refer to the *City of Port Coquitlam, Parkland Acquisition and Development Cost Charge Bylaw, 1998, No. 2182, as amended from time to time.*

A BYLAW TO IMPOSE DEVELOPMENT COST CHARGES

WHEREAS pursuant to the *Local Government Act*, the Council of the City of Port Coquitlam may, by Bylaw, impose development cost charges;

AND WHEREAS development cost charges may be imposed for the purpose of providing funds to assist the municipality in paying the capital costs of providing, constructing, altering, or expanding sanitary sewer, water, drainage and roads facilities, to service directly or indirectly, the development for which the charges are imposed;

AND WHEREAS the Council of the City of Port Coquitlam is of the opinion that the charges imposed by this bylaw:

- (a) are not excessive in relation to the capital cost of prevailing standards of service in the municipality;
- (b) will not deter development in the municipality;
- (c) will not discourage the construction of reasonably priced housing or the provision of reasonably priced serviced land in the municipality; and
- (d) will not discourage development designed to result in a low environmental impact in the municipality;

AND WHEREAS Council has considered the charges imposed by this bylaw in relation to future land use patterns and development, the phasing of works and services described in the Official Community Plan, and how development designed to result in a low environmental impact may affect the capital costs of sanitary sewer, water, drainage, and roads;

AND WHEREAS in the opinion of the Council, the charges imposed by this Bylaw are related to capital costs attributable to projects included in the municipality's financial plan and long-term capital plans, and to capital projects consistent with the Official Community Plan.

NOW THEREFORE, the Council of the City of Port Coquitlam, in open meeting assembled, enacts as follows:
